The Lost Continent Finally Found, Professor Arysio Santos makes a persuasive and well researched case for Atlantis being in the region of Indonesia. In going through this masterful and erudite work, the reader will find his preconceptions challenged. Plato said that Atlantis lay beyond the Pillars of Hercules. We tend to assume that the Pillars or Hercules are located at the Straits of Gibraltar, but Santos, relying on careful study of ancient texts, shows that the name Pillars of ...

Atlantis was never found because we have all been looking in the wrong places. Realizing that, we started to look for the spot where an entire sunken continent could be hiding itself. Geology afforded the correct, irrefutable answer: down under the South China Sea, that is where. The rest followed quite naturally and, in fact, far more serendipitously than we ourselves could ever have imagined ...
