CONTRACT DISPUTE RESOLUTION METHODS

Feb 26, 2021

[Contract Dispute Resolution Methods](#)

Negotiation, mediation, arbitration, and litigation are potential methods of dispute resolution in order of ascending formality. Mediation and arbitration are considered methods of alternative dispute resolution. ADR has been used to settle disputes between employee and employer to solve labor disputes, business to business disputes, and consumer to business. Generally ADR is faster and less expensive than litigation. It is possible for parties to contract to meet in mediation or arbitration ...

A dispute resolution in construction contracts is vital because it prevents potential legal action. Construction disputes take place because one party may breach the contract in some manner, or a simple miscommunication between parties could arise. Conflict may also occur due to the following reasons: Contract delays; Failure to enforce the agreement; Incomplete or unsubstantiated claims ...

[Dispute resolution - Wikipedia](#)

Any business dispute can eventually be resolved in a court environment if no resolution can be achieved via other means. The court can then decide a solution which is beneficial for the aggrieved party. The court can then decide if the contract was breached, granting reparations to the party if it is deemed to have been so.

[Alternative Dispute Resolution in Construction Contracts ...](#)

Key issues in assessing the effectiveness of a country's contract enforcement and dispute resolution system are how the contract enforcement system (i.e. contract law and supporting legal institutions) performs in terms of securing committal between transacting parties and enforcing contracts at a reasonable cost; as well as the accessibility to all investors and the options for, and cost effectiveness of, alternative dispute settlement mechanisms.
