The book tries a new approach to learning hieroglyphs, which, for me, was not as good as Manley's other book "How to Read Egyptian Hieroglyphs". Both books try to make a complicated task simple which is perhaps not really possible. All one can hope for is that one systems of presentation fits the reader's style of learning better than some other. Manley is certainly knowledgeable and so there ...

The Egyptians introduced this type of writing around the same time as they did with hieroglyphs. And it seems that they used it at first primarily to record different, less formal things, but there often is fluidity to these borders, so the uses can overlap. Hieratic signs are more abstract than hieroglyphic ones, and the two types record primarily different type of material. I'll talk more ...

The beginner may safely use our types as his models, but he must realize that copying from the actual monuments gives a knowledge of hieroglyphic writing unobtainable in any other way. The commonest hieroglyphs received their traditional, relatively stereotyped, forms in the very earliest Dynasties. Misinterpretations and confusions may ...

Hieroglyphs, or hieroglyphics, are a type of writing that uses symbols or pictures to stand for sounds and words. The Egyptians, Luwians and Mayan cultures are among those who used hieroglyphs. They have also been found in Turkey, Crete, United States and Canada.. They are thought to have started when pictures were used to tell stories on pots and other artwork.
