Environmental Science – Final Exam Review 1. What is the environment? Name 4 things currently in your environment. The environment is all living and nonliving things that interact with humans. Your environment may include you, your family, your schoolwork, the atmosphere, etc. 2. What is the root cause of most environmental concerns?

### [Advanced Placement Environmental Science Study Guide APES ...](#)

AP Environmental Science is one of the most popular AP classes, but it also has one of the lowest average scores among test takers. In fact, more than half the students who take the APES exam don't pass it. Oftentimes, the hardest part of this test is the free-response section, which students struggle with because they aren't sure what to expect or what information graders are looking for.
