Once all of the problems have been dealt with, it's then resurfaced to ensure that it seals properly with the transmission case. Replacing Parts & Re-Assembly All components that don't meet specification, like gear sets, shafts, clutches etc. get replaced on the assembly line, along with all seals, gaskets and o-rings.

A hybrid vehicle is one that uses two or more distinct types of power, such as submarines that use diesel when surfaced and batteries when submerged. Other means to store energy include pressurized fluid in hydraulic hybrids.. The basic principle with hybrid vehicles is that the different motors work better at different speeds; the electric motor is more efficient at producing torque, or ...

BOSCH 5.4 ABS System: This ABS system is on Saturn Vue and many other car manufacturers. The system can fail and you have no brakes no matter how hard you push on the pedal, the brakes start to grab and then they release and you can not stop the car. This has happened to me twice, the first car was totaled because the car wouldn't stop and I rear ended another car and I was cited for the ...

I recently replaced the TCC in my transmission for my 2008 Saturn VUE. We had to drain the fluid that was in my trans. We replaced the fluid with Dex/Merc instead of Dexron VI which is what the spec for my vehicle calls for. The Dex/Merc was cheaper and in bulk compared to Dexron VI. I didn't think it would be a problem since the Dex/Merc said it was compatible with GM and Ford builds. Am I ...

I bought a used 2009 saturn vue 3 weeks ago. Almost 2 days of having it, we'd drive it, park, turn off ignition, and then the car would die and not turn on again, stereo locked down. Had it serviced, pcm fried. Replaced it, 2 days later same thing with dying issue. Took it to another guy who found a sticker under the hood that an aftermarket remote start was installed. We were not made aware ...
